

Centrix™ Housing

4U, 12 Cassette Positions Empty

CORNING

Housings can be ordered empty, loaded with cassettes for on-frame splicing or as stubbed assemblies to reduce installation time and risk. At the foundation of the Centrix™ Platform is a single, modular cassette that can be tailored to include a variety of optical devices (splitter, WDM, etc). The modular cassette provides flexibility and functionality within a single frame without sacrificing density. Each cassette contains up to either 24 SC or 36 LC connector adapters. Easy port access is possible due to a sliding cassette with drop-down handle.

A Centrix Platform 4U housing holds 12 cassettes.

Design - Hardware

Height Unit	4U
-------------	----

Mechanical Characteristics

Dimensions (L x W x H)	310 mm x 254 mm x 178 mm (12.2 in x 10.0 in x 7.0 in)
