

Premises Connector Cabinet

Capacity for up to 24 fibers

CORNING

The Corning premises connector cabinet (PCC) is available for up to 24-fiber terminations. The housing is wall-mountable and is ideal for building entrance terminals, wiring closets, computer rooms and other controlled environments. The unit accommodates up to four 6-fiber LDC connector panels. This modular approach allows for easy expansion, high flexibility and future growth. All popular adapters are available.

Each unit is protected with two hinged doors. One door allows access for the end user to reconfigure their connections without exposing the network side. The other door is used by the installer for installation and system maintenance. Strain-relief for incoming cables is provided by cable tie brackets or Corning's innovative universal cable clamps. The PCC also contains mounting provisions for up to three Type 4R or six Type 2R splice trays to allow for pigtail splicing.

Part Number: PCC-024

Features and Benefits

Wall-mountable unit

Excellent for interconnect or cross-connect applications

Protection for both the network and user connectors

3.5-in projection from the wall

Fiber routing guides

Allows management and rearrangement of cable slack without violating minimum bend-radius requirements

Labels

Provided for system documentation

Capacity for up to 24 fibers

Accommodates most standard connector types

Strain-relief provisions

Provides for multiple cables within unit

Specifications

General Specifications	
Application	Telco environments, Customer premises environments
Mounting Type	Wall-Mountable
Product Type	Wall-Mountable Hardware

CORNING

Premises Connector Cabinet

Capacity for up to 24 fibers

CORNING

Design - Hardware

Housing Color	Platinum
Housing Type	PCC
Fiber Count	24
Panel or Module Type	LDC
Cable Entry Direction	Top / Bottom
Connectorization Configuration	Panel Mounting Only Adapters

Mechanical Characteristics

Dimensions (HxWxD)	35.50 cm x 8.92 cm x 28.60 cm (14.0 in x 3.5 in x 11.25 in)
Number of Cables	1

Design Adapter

Adapter Type	ST® Compatible, SC, and LC
